CITY OF KENT, OHIO

DEPARTMENT OF COMMUNITY DEVELOPMENT

DATE: July 27, 2026

TO: David Ruller, City Manager

FROM: Bridget Susel, Community Development Director *BOS*

SUBJECT: Proposed Council Standing Sustainability Committee

Council member Tracy Wallach made a motion which was moved to Committee, regarding establishing a sustainability committee as a new Kent City Council standing committee. Currently, sustainability related topics are discussed with Council under one of the existing standing committees. Depending upon the nature of the topic, historically sustainability matters have been presented to Council under the Community Development Committee, Health & Public Safety Committee, or Committee of the Whole.

A former member of the Sustainability Commission had brought this concept up to staff a few years ago and referenced the City of Cuyahoga Falls as an example of a community that has a standing sustainability committee on its council. The Community Development Department staff reviewed the City of Cuyahoga Falls Council agendas and identified the following:

- **2024:** Cuyahoga Falls City Council Sustainability Committee had one item discussed in 2024, which was the acceptance of the annual NOPEC Energized Community Grant.
- **2025:** Cuyahoga Falls City Council held 41 meetings for the year. The Cuyahoga Falls Council Sustainability Committee was convened three (3) times with all three (3) Sustainability Committee meetings occurring in November 2025 to discuss proposed legislation focused on the placement of a solar array on a landfill owned by the City of Cuyahoga Falls. The NOPEC Energized Community Grant, which had been discussed under the Cuyahoga Falls Council Sustainability Committee in 2024, was discussed under the Cuyahoga Falls Council Public Affairs Committee in 2025.
- **2026:** Cuyahoga Falls City Council has held 25 meetings through July 22, 2026. The Cuyahoga Falls Council Sustainability Committee has not had any agenda items discussed yet this year on a sustainability related topic.

It is important to note that in the City of Kent, the Council committee assignment of a discussion item is not a factor considered by the administration with regards to the work done in any area, including sustainability. The administration will continue its work and all items requiring Council discussion and vote will be assigned to a committee by the Clerk of Council so if the proposed sustainability committee is added as a new committee, work conducted in this area will be assigned accordingly.

The City Manager annually tracks the activities undertaken with Council towards achieving the City's core strategic goals, including the goal "support of natural resources and public health," which encompasses a myriad of sustainability and environmental related initiatives, activities, and projects. Attached is the information compiled annually for the period 2008-2024. Council and the administration addressed an average of 16+ discussion and legislative action items per year since 2008 in support of sustainability, the environment, natural resources, and public health related topics. These efforts will continue even if the proposed new standing sustainability committee is not established.

I am respectfully requesting time at the August 5, 2026 Council Committee meeting so Council can discuss the proposed standing sustainability committee concept in greater detail and make a determination on this agenda item.

If you need any additional information in order to add this item to the agenda, please let me know.

Thank you.

Pending List Update

July 2026

ADMINISTRATION

1) Explore Senior Center Advisory Committee. (10/17)

Council has had a couple of presentations and discussions in Committee of the Whole regarding the availability of services/facilities/housing/etc., for seniors in Kent. In a work-session Council also brought in speakers that provide senior services in areas around Kent to share the types of services/facilities that they provide. Council referred the topic of a senior center to Kent Parks and Recreation for further review and recommendations. Individual Council members have made subsequent motions to resume the conversation on senior services in Committee but those motions failed to pass in Council. In 2025, Council approved the purchase of the Church property on S. Depeyster Street and that building was purchased in part to create an opportunity for a possible Senior Center. Angela is coordinating with a design professional to have a more detailed building evaluation (and estimates) for the conversion of the property for Parks and Recreation use, including a senior activity center.

Recommendation: Senior services and facilities are important to the community, and I recommend retaining this item on the pending list.

2) Discussion with Franklin Township on Sidewalk Shoveling (9/21)

Per the prior year pending list direction provided by City Council, this item was retained on the pending list in anticipation of the future SR59 corridor transportation project that would be focused on pedestrian safety, including adding sidewalks. The City partnered with PARTA and the Township on a pedestrian safety planning grant that was approved in June 2022 – and that project is moving forward. Staff and Council agreed that it would be logical to raise the discussion of sidewalk shoveling during and after completion of the project. It's worth noting that the sidewalks on SR59 are owned by ODOT, not Franklin Township so it is unclear if the Township would have a basis to justify spending Township funds on ODOT sidewalk shoveling. It is worth noting that the Parks & Rec staff clear the sidewalks in this corridor up to the intersection of E. Main St. and Sixth Street up to the corner of the ACME Plaza / corner where Huntington Bank is located. The sidewalk continues east on the north side of E. Main Street for 3 blocks to the private Ashton Lane (where Arby's is located on out-lot) where the sidewalk ends. There is no sidewalk on the south side on that stretch. Community Development staff have letters prepared for distribution to the property owners (both within Kent and in the Franklin Township) along SR59 advising the owners of their role in sidewalk clearing (both natural snowfall and man-made piles from plowing). Those letters will begin being distributed before the snow season in September and then again prior to large storm events.

Recommendation: Remove or retain on the pending list.

3) Explore the Use of Consent Agenda (4/24)

Staff presented Council with options for the consideration of using a consent agenda at the August 2024 Committee meeting. Council approved the consent agenda, and it began in September 2024.

Recommendation: Removed from the pending list by Council per Mr. Hook's motion (June 2026).

COUNCIL COMMITTEES

1) Noise Ordinance Review (11/24)

Council referred this item to Committee after receiving two requests from a couple of residents to reconsider the City's noise ordinance to prevent them from being cited when their dog is barking, or when a guitar is being played in the garage. The Law Department has reviewed the situations and noted these were unusual as they were asking to reduce the ability of the City to enforce the noise ordinance rather than the typical request from residents to do more enforcement of noise nuisances. The Law Department has let the residents know that these cases will be considered with the new Police Chief (as the Police do the majority of noise enforcement) when that hiring is complete. The staff review is ongoing. The noise ordinance was updated in July 2026 for downtown related noise at night.

Recommendation: Remove or retain on the pending list.

2) Downtown Historic District (2/24)

With the removal of the statutory role of the Architectural Review Board (ARB), a couple of residents asked for reconsideration of the City designating downtown as an historic district and imposing rules and regulations that would govern the upkeep, renovation and reinvestment of private property within the district. Those residents favor the creation of a local volunteer board to have statutory authority in the oversight of the historic district. Council has previously discussed and denied requests to create a legally defined historic district with government driven controls over private property due to the concerns expressed by the private property owners and businesses. Council has approved the local historic designation for a few private property owners that asked voluntarily to have their property designated as historic but Council has not expressed a willingness to force such measures on private property owners. Staff finished integrating the downtown design standards into the City's Zoning Code, some of which include historic elements. Staff also hired an architectural firm on retainer with expertise in historic elements in building design and construction to review development projects in Kent and make recommendations to the Planning Commission on historic related elements. If a group of property owners wish to create a historic district for their properties, staff is prepared to pursue that designation at any time.

Recommendation: Remove from the pending list.

3) Role of the Architecture Review Board (2/24)

With Council's vote to remove the statutory authority (formerly granting a certificate of appropriateness) from the Architectural Review Board, there were comments from former members of the ARB and Council questioning the need to continue to have a volunteer board function in an advisory role only. Staff reports that for years the ARB only had an advisory role, but during the massive downtown redevelopment, the ARB's functions were expanded to provide an added layer of continuity and compatibility with the millions of dollars being invested in downtown Kent's redevelopment. The pace of that redevelopment has slowed significantly, and Council started getting complaints from local property owners over subjective rulings of the ARB which led to Council's directive to integrate the design standards directly into the Zoning Code rather than relying on personal interpretations of the Code by members of the ARB. Staff finished integrating the downtown design standards into the City's Zoning Code, some of which include historic elements. Staff also hired an architectural firm on retainer with expertise in historic elements in building design and construction to review development projects in Kent and make recommendations to the Planning Commission. In August 2025 Council voted to eliminate the Architectural Review Board.

Recommendation: Remove from the pending list at this time.

4) Requirement for In Person Board Interviews (3/24)

There's isn't much for staff to research on this topic, it was an item of interest to a couple of prior Council members – maybe the new Council members can advise on their level of interest in making it a requirement for in person board and commission vacancy interviews?

Recommendation: Retain or remove from the pending list at Council's direction.

5) Arborist and Health Department Included in Rental Inspections (6/24)

Staff provided Council with an overview of the logistics related to this request at the August 2025 Committee meeting. Council unanimously agreed to have staff develop an internal procedure and form to manage tree concerns on private property on a case-by-case basis rather than as an “add-on” to the rental inspection checklist. This process has also been integrated into the inspection process (“tree hazard form”) and is also handled on a complaint basis.

Recommendation: Remove from the pending list.

6) Warming Centers for the Unhoused (9/24)

Staff shared information on existing warming center services at Shepards House and brought in Anne Marie Noble from the Shepard House to speak to this topic with Council directly. Council allocated funding through Community Development to expand the capacity of the Shepard House to serve Kent homeless clients, and Bridget coordinated with PARTA to ensure free transportation to the warming center for homeless populating residing in Kent. Bridget gave an end of year report to Council on the warming center operation and Council authorized the continued funding allocation to support the expanded Shepard House services. Police and Fire integrating emergency transport of homeless clientele into patrol operations as needed and the Health Department and Kent Social Services signed on to promote and refer people in need of transportation and shelter services at the Shepard House. Council approved the continuation of the funding, and this supplemental funding/service is a permanent line-item in the Community Development budget.

Recommendation: Remove from the pending list.

SUBJECT: Fair Housing Board: Amendment to Quorum

Chapter 557 of the Kent Codified Ordinances (KCO) outlines the City's fair housing practices, including the administrative aspects and responsibilities of the Fair Housing Board (FHB). The FHB consists of seven (7) members and KCO Section 557.05(e) specifies five (5) members are required for a quorum.

The Community Development Department has convened two meetings of the Fair Housing Board this year, but one meeting was canceled and re-scheduled for lack of a quorum and another was convened but a member who had responded she would participate, did not attend the meeting so a vote on an agenda item could not be held.

It is unknown why this chapter of the KCO requires five (5) members for a quorum when all of the other boards and commissions under the purview of the Community Development Department only require a simple majority to be present for a quorum.

The Community Development staff, with the support of the Fair Housing Board, is requesting that Section 557.05(e) be amended so that a quorum of the FHB is a simple majority of four (4) members rather than the current requirement of five (5) members.

I am requesting time at the August 5, 2026 Council Committee meeting to discuss the proposed amendment in greater detail and to request Council authorization, with emergency, for the Fair Housing Board quorum to be amended from its current requirement of five (5), to the simple majority of members, which is four (4) members.

If you need any additional information in order to add this item to the agenda, please let me know. Thank you.

557.01 DESIGNATION OF POLICY.

It is hereby designated to be the policy of the City to do all of the things necessary and proper to secure for all its residents their right to equal housing opportunities regardless of their race, color, sex, religion, military status, familial status, ancestry, disability or national origin. (Ord. 2011-13, passed 02-16-11).

557.02 DEFINITIONS.

As used in this chapter:

- (a) "Real estate agent" means any real estate broker, real estate salesperson or an agent thereof, or any person, partnership, association or corporation who for consideration sells, purchases, exchanges, rents, negotiates, offers or attempts to negotiate the sale, purchase, exchange or rental of real property or holds himself out as engaged in the business of selling, purchasing, exchanging, renting or otherwise transferring any interest in real property.
- (b) "Board" means the Fair Housing Board created by this chapter.
- (c) "Director" means the Community Development Director of the City of Kent or his/her designee and staff.
- (d) "Discrimination", "discriminating" or "discriminate" means to render any difference in treatment to any person in the sale, lease, rental or financing of a dwelling or housing unit because of a person's race, color, sex, religion, military status, familial status, ancestry, disability or national origin, gender identity or sexual orientation.
- (e) "Housings includes any building, facility or structure or portion thereof which is used or occupied or is intended, arranged or designed to be used or occupied as the home, residence or sleeping place of one or more persons, groups or families and any vacant land offered for sale for the construction or location thereof of such building, facility or structure.
- (f) "Lending institution" means any bank, building and loan association, savings and loan association, insurance company or other persons whose business consists in whole or in part in the lending of money or guaranteeing loans.
- (g) "Person" means one or more individuals, corporations, partnerships, associations, firms, or enterprises, labor organizations, legal representatives, mutual companies, joint stock companies, trusts, unincorporated organizations, trustees, trustees in bankruptcy, receivers and fiduciaries. (Ord. 2017-22, passed 4-19-17.)

557.03 UNLAWFUL HOUSING PRACTICES.

(a) It shall be an unlawful housing practice and a violation of this chapter: a) For any person or real estate agent:

- (1) To discriminate against any person in the selling, leasing, renting, assigning or otherwise transferring of any interest in housing.
- (2) To discriminate against any person by refusing to negotiate, refusing to transmit a bona fide offer, making false representations on the availability of the housing unit for inspection, sale or rental, or withdrawing from the market a housing unit which is for sale, lease, sublease or rental.
- (3) To include in the terms, conditions or privileges of any sale, lease, sublease, rental, assignment or other transfer of any housing, any clause, condition or restriction discriminating against any person the use or occupancy of such housing.
- (4) To discriminate in the furnishing of any housing facilities, repairs, improvements or services or in the terms, conditions, privileges or tenure of occupancy by any person of any housing covered by this chapter.

(b) For any lending institution:

- (1) To discriminate in lending money, guaranteeing loans, accepting a deed of trust or mortgage or otherwise making available funds for purchasing any housing or to discriminate against in the fixing of the amount, interest rate, duration or other terms, conditions or provisions of any such financial assistance.
- (2) To discriminate in the lending of money, guaranteeing loans, accepting a deed of trust or mortgage or otherwise making funds available on the basis of geographic location.

(c) For any person, real estate agent or lending institution, with respect to any prohibited act specified in this chapter, to publish, circulate or cause to be published or circulated any notice, statement listing or advertisement; to announce a policy or to make any record in connection with the prospective sale, lease, sublease, rental or financing of any housing which indicates reliance, determination or decision based on race, color, sex, religion, military status, familial status, ancestry, disability, national origin, gender identity or sexual orientation.

(d) For any person or real estate agent to assist in, compel or coerce the doing of any act declared to be an unlawful housing practice under this chapter, or to obstruct or prevent endorsement or compliance with provisions of this chapter, or to attempt directly or indirectly to commit any act declared by this chapter to be an unlawful housing practice.

(e) For any person, real estate agent or lending institution:

- (1) To induce or attempt to induce the sale, transfer of interest or listing for sale of any housing by making representations regarding the existing or potential proximity of real property owned, used, or occupied by any person of any particular race, color, sex, religion, military status, familial status, ancestry, disability, national origin, gender identity or sexual orientation by indirect or direct methods.
- (2) To make any representation to a prospective purchaser or lessee that any housing in a particular block, neighborhood or area may undergo, is undergoing or has undergone a change with respect to race, color, sex, religion, military status, familial status, ancestry, disability, national origin, gender identity or sexual orientation of such block, neighborhood or area.
- (3) To induce or attempt to induce the sales or listing for sale of any housing by representing that the presence or anticipated presence of persons of any particular race, color, sex, religion, military status, familial status, ancestry, disability, national origin, gender identity or sexual orientation in the block, neighborhood or area will or may result in:
 - A. The lowering of property values.
 - B. A change in the racial, color, religious, nationality or ethnic composition of the block, neighborhood or area in which the property is located.
 - C. An increase in criminal or antisocial behavior in the area.
 - D. A decline in the quality of the schools serving the area.

(f) For any person or real estate agent to cause, coerce or attempt to cause coercion or retaliation against any person because such person has lawfully opposed any act or failure to act that is a violation of this chapter or has, in good faith, filed a complaint, testified, or prevented any person from complying with this chapter.

(g) To deny any person access to or membership or participation in any multiple listing service, real estate brokers' organization or other service, organization or facility relating to the business of selling or renting housing, or to discriminate against a person in the terms or conditions of such access, membership or participation.

(h) To do any other thing or engage in conduct which would otherwise make equal housing opportunities unavailable.

(Ord. 2017-22. passed 4-19-17.)

557.04 POSTING OF NOTICES.

Every real estate agent shall post in a conspicuous location in that portion of his/her place of business normally used by him/her for negotiating the terms of a sale or lease of housing, and each person who operates a multi unit residential building containing more than three (3) units shall post at all times when prospective tenants are being interviewed, in a conspicuous location in that portion of his/her housing business normally used by him/her for negotiating the rental of a housing unit therein, a notice which contains the following language printed in black on a light colored background, in not less than fourteen (14) point type:

"It is a violation of federal and State of Ohio fair housing laws, for any real estate agent or any person owning or managing a multi unit apartment dwelling to:

- (a) Deny housing to any person because of race, color, sex, religion, military status, familial status, ancestry, disability, national origin, gender identity or sexual orientation.
- (b) Discriminate against any person because of that person's race, color, sex, religion, military status, familial status, ancestry, disability or national origin in the terms, conditions or privileges of housing accommodations or in the furnishing of facilities or services in connection therewith.

IF YOU BELIEVE YOU HAVE BEEN DISCRIMINATED AGAINST, CONTACT THE OHIO CIVIL RIGHTS COMMISSION OR THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT.

Failure to comply with this section shall constitute a violation of this chapter.
(Ord. 2017-22, passed 4-19-17.)

557.05 FAIR HOUSING BOARD.

(a) The Fair Housing Board shall consist of seven (7) members, appointed by Council, who shall be qualified electors of the City. Board members shall not hold any elected public office at the municipal, county, state or federal level at any time while a member of the Board and shall not be employed by the City, but he/she may be employed by the county, State or federal government. Any duly appointed Board member who is a candidate for any public office shall be automatically disqualified from further membership on the Board. The day the Board member files petitions with the Portage County Board of Elections shall be the date of the disqualification.

(b) The Board members shall be appointed by Council with one member also being a member of the Kent Board of Health. Of the members first appointed, one shall hold office for a term of one (1) year; one for a term of two (2) years; and the other for a term of three (3) years; and their successors shall be appointed for terms of three (3) years. All vacancies shall be filled by appointment for the remainder of the unexpired term.

(c) The Board shall elect one of its members as chairman and one as vice chairman. The chairman shall preside over all meetings and sign the minutes of all actions taken by the Board relating to fair housing. In the absence of the chairman, the vice chairman shall act as chairman.

(d) Council may remove a member of the Board from office by an affirmative vote of at least two thirds (2/3) of the Council only after having first given to such member a written copy of the charges against him/her and an opportunity to be publicly heard in person or by counsel in his/her own defense and any such removal shall be final.

(e) Five (5) members of the Board shall constitute a quorum for the purpose of conducting the business thereof. A vacancy on the Board shall not impair the right of the other members to exercise all the power of the Board.

(f) Each member of the Board shall serve without salary.

(g) The Board is charged with the following responsibilities to implement the stated policy of this chapter:

- (1) To inform all persons bringing complaints to the Board of their right to seek criminal or civil relief through the courts.
- (2) May initiate or corroborate complaints of unlawful housing practices.
- (3) To refer any incidence of an alleged violation of fair housing law to the City of Kent designated fair housing provider agency for consideration and review. The Board may collaborate with the designated fair housing provider agency to facilitate a voluntary meeting between the person(s) reporting the alleged fair housing violation and the person(s) identified as the alleged violator(s) in an attempt to resolve the issue.
- (4) To ensure information concerning any housing discrimination complaints filed with the State of Ohio through the Ohio Civil Rights Commission and/or filed with the federal government through the U.S. Department of Housing and Urban Development are reported in the City of Kent Consolidated Annual Performance and Evaluation Report and make the report available to Council, the City Manager and the public on an annual basis.
- (5) To recommend to the City Manager, when it deems necessary, educational and other programs designed to promote the purpose stated in this chapter.

- (6) To adopt rules and procedures for the conduct of its business, and for the administration and enforcement of this chapter.
- (7) To do such other acts that are necessary and proper in order to perform.
(Ord. 2014-47. Passed 6-18-14.)

557.06 PROCEDURES AND ENFORCEMENT.

Those duties with which it is charged under the terms of this chapter, including reviewing and recommending actions needed to address perceived fair housing impediments included in the most current City of Kent Analysis of Impediments to Fair Housing Choice report.

Nothing shall prohibit the Board from consulting and meeting with real estate agents or representatives of lending institutions in matters regarding educational or other programs, to further the purpose of this chapter.

- (a) Any person subjected to an alleged unlawful housing practice and brings the allegation to the attention of the Board, shall be referred to the City of Kent's designated fair housing provider agency for consideration and review.
- (b) The Law Director is hereby authorized to pursue appropriate legal action for the enforcement of this chapter or other fair housing laws as necessary.
(Ord. 2011-13, passed 02-16-11)

557.07 SCOPE OF CHAPTER.

The provision of this chapter shall apply to all housing located within territorial limits of the City. (Ord. 2011-13, passed 02-16-11)

557.08 OTHER LEGAL ACTION.

Nothing contained in this chapter shall prevent any person from exercising any right or seeking any remedy to which he/she might otherwise be entitled or from filing any complaint with any other agency or court of law or equity (Ord. 2011-13, passed 02-16-11).

CITY OF KENT, OHIO

DEPARTMENT OF COMMUNITY DEVELOPMENT

DATE: July 27, 2026
TO: Dave Ruller, City Manager
FROM: Bridget Susel, Community Development Director *BOS*
RE: Economic Development Strategic Plan: Consultant Introduction

The City of Kent has entered into a consulting agreement with Randall Gross / Development Economics (RGDE), to develop an Economic Development Strategic Plan for the City of Kent. Over his more than 38 years working as a consultant, Randall has worked on more than 700 projects worldwide, including extensive experience in Northeast Ohio.

Randall has requested a few minutes of time at the August 5th Council Committee meeting to introduce himself and to answer any questions Council or members of the public may have regarding the work he will be doing to develop the City's Economic Development Strategic Plan. This is an introductory meeting only and Randall will be returning to Council to present the completed strategic plan and his findings in the coming months.

Attached is Randall's curriculum vitae and the Request for Qualifications (RFQ) that was issued for the City's Economic Development Strategic Plan. This agenda item does not require any legislative action.

Please let me know if you require any additional information in order to add this item to the August 5, 2026 Committee agenda.

Thank you.

SAMPLE ECONOMIC DEVELOPMENT PROJECT EXPERIENCE

Randall Gross / Development Economics is a specialist in economic development. Mr. Gross has worked closely with communities in the United States and other countries on strategies for job creation and entrepreneurship, poverty alleviation, industrial targeting, economic resiliency, workforce enhancement, and overall economic development. He analyzes economic strengths and identifies potential industries for target marketing. He identifies community assets, assesses workforce capacity, and determines incentives for re-investment. He also identifies appropriate redevelopment projects and determines their market potential and financial feasibility. Mr. Gross provides direct outreach to businesses and industries identified through his target industrial analysis, to test opportunities and identify requirements for expansion and relocation.

He helps communities and regions integrate issues related to housing, commercial revitalization, industrial redevelopment, fiscal stability, job security and training. Mr. Gross also provides economic development training in the U.S. and abroad. His relevant economic development assignments include several specializations:

- Local and Regional Economic & Workforce Development
- Agriculture & Rural Development
- Target Industry and Cluster Development
- Downtown and Neighborhood Revitalization
- Tourism & Hotel Development
- Military Base Reuse & Related Economic Development
- R&D and Technology-Related Economic Development
- Transportation-Induced Economic Development
- International Trade & Investment

His relevant economic development assignments in **OHIO** are described on the following pages, followed by a list of similar projects in other places.

**ECONOMIC DEVELOPMENT
& OTHER RELEVANT PROJECTS IN OHIO**

- **INDEPENDENCE: Economic Development Strategic Plan.** Randall Gross / Development Economics (RGDE) completed work on an economic development strategy for Independence, a suburban area of Cleveland. The community had never completed any plans prior to this one, so an important component of the process was to educate the community on the importance of strategic planning through workshops, interviews and other stakeholder outreach. Independence has been a primary suburban office and commercial node for northeast Ohio, but its office space is aging and there is a need for the city to remain competitive in the Northeast Ohio region. Ohio municipalities are highly dependent on local income tax revenue, so the loss of major employers would have a detrimental impact on the city's overall fiscal health as well as its economic prosperity. Mr. Gross determined the city's competitive advantages and economic development targets, assessed its real estate, and devised a strategy for marketing, development and implementation as leader of a multi-firm consulting team.
- **MASON: Downtown Revitalization Strategic Plan.** Randall Gross / Development Economics (RGDE) recently led a team of consultants on a strategic plan for revitalization of the Mason Mile, the historic downtown area of Mason, a suburb of Cincinnati. The project involved significant community engagement including a steering committee, community surveys, comment cards, neighborhood meet-ups, interviews, focus groups, and other input. A local group of volunteers known as "activators" also helped participate in various elements of the strategic planning process. RGDE completed retail, housing, office, and other market analysis and identified development concepts to help underpin the plan. He also provided financial analysis and a detailed implementation plan that focused not only on downtown revitalization but also organizational development for the lead agency responsible for implementation – the Mason-Deerfield Community Development Corporation (MADE CDC), appointed by the City of Mason and staffed by the city's Chamber of Commerce. The planning effort was so successful that the City Council has promoted funding for the multi-phase years of organizational development and implementation. They also recently completed a physical master planning effort and RGDE has been retained as an ongoing advisor to the CDC.
- **KETTERING: Economic Development Strategy.** RGDE recently completed work as part of a planning team led by MKSK on the comprehensive plan for the city of Kettering, Ohio. Kettering is an inner-ring suburb of Dayton. While the city is economically stable, it is built-out and the physical form – including mid-century single-family housing stock and campus-style office parks – is less competitive in the broader regional market. The city is also seeking to create more of a town center since its suburban development lacks a traditional downtown. Mr. Gross completed a target industry analysis and examined opportunities for diversification of its commercial environments to allow more choices for attracting and retaining business. Mr. Gross also helped the city address regulatory constraints that prevent some of this diversity as well as flexibility in business operations.

- **HUDSON: Citywide Land-Use Impacts Assessment.** Mr. Gross completed an analysis of the net fiscal benefits of land use and development on the City of Hudson, just outside of Akron. The City was particularly interested in the fiscal impacts of redevelopment within District 8/9, an underutilized portion of the city where developers are proposing a mixed-use redevelopment project. Mr. Gross completed this work directly for the City of Hudson.
- **CLARK COUNTY: Economic Development Strategy.** RGDE worked as part of a planning team led by Planning-Next on the comprehensive plan for Clark County, Ohio. Mr. Gross completed the Economic Development component of the plan as well as assessments of existing real estate market conditions. His economic development strategy examined the county's competitive strengths and potential niches and focused on developing and strengthening policies to enhance competitive marketing. Ultimately, Clark County's location within commuting distance of the growing Columbus and Cincinnati markets while offering a vibrant historic downtown environment can prove to be an important marketing strength.
- **STOW: Market Potentials & Fiscal Impacts.** RGDE worked as part of a planning team led by planning firm American Communities Partnership (ACP) on preparation of a Master Plan for the City of Stow, adjacent to Kent. He completed Office and Retail Market Analyses and forecasted the market potential specifically for development of a new town center. Based on that information, he assisted in determining appropriate land use and marketing strategies for sub-areas within the city. He tested the fiscal impacts (cost and benefits) – or fiscal returns - of each land use type and of several alternative land use scenarios in each of the sub-areas, as a guide for zoning and land use policy in those areas.
- **CLEVELAND: Warehouse District Market Potential.** Mr. Gross provided the Real Estate Market Analysis and strategic planning inputs to the initial Revitalization Plan for Cleveland's Warehouse District, as a sub-consultant to ERA.
- **INDEPENDENCE: Office Park Repositioning Market Analysis.** In a follow-up to his Economic Development Strategic Plan, RGDE completed office market analysis and strategic development recommendations for the City of Independence as input to sub-area plans led by Planning-Next. The sub-area effort emerged from recommendations made by RGDE on completion of the Strategic Plan.
- **STOW: Call's Farm Residential Project Fiscal Impacts.** RGDE assessed the fiscal impacts of a proposed private residential development on the City of Stow, a suburb of Akron, and on the adjoining school district. He determined the fiscal costs and benefits of the development as an independent consultant hired by national developer **Pulte Homes**.

- **LEBANON: Downtown Market Analyses & Strategic Plan.** Lebanon is located just outside of Cincinnati. The town is famous for its historic downtown, 200-year-old inn, and large festivals. The town's Christmas Parade features horse-drawn carriages and draws over 100,000 visitors each year. While the festivals draw visitors to Lebanon, the economic impacts have been nominal since most visitors are "day-trippers" from within the Miami Valley and the community has limited lodging available to accommodate overnight stays. Huge numbers of visitors within a limited time place a strain on local services. The market analysis conducted by RGDE sought to help diversify the tourism product and overall retail mix and help establish a more viable and sustainable mixed-use community.

- **SIDNEY: Retail Recruitment Strategy.** Mr. Gross worked with the City of Sidney, Ohio on a market analysis and retail recruitment strategy. This city has been among the most successful small towns in recruiting manufacturing, but residents still drive out of town to shop for higher-end retail goods. This strategy examined ways in which Sidney can offer a more diverse menu of retail options as a quality of life factor impacting on its residents. A survey of the city's residents conducted for this strategy generated nearly 1,000 responses with a focus on consumer preferences. The brands identified through the survey were supported by the market findings and targeted through outreach conducted by RGDE to potential retailers and developers, with the result that the city was successful in attracting key targeted brands. As follow-up, Sidney had also requested that Randall Gross complete an outlet mall market analysis.
- **KETTERING: Woodman Drive Revitalization Plan.** Mr. Gross worked for the cities of Dayton and Kettering on a revitalization plan for the Woodman Drive corridor, adjacent to the **Miami Valley Research Park**. A key issue was how to enhance the "front door" for the research park by improving the quality of the environment and the retail uses that are located in the corridor. Mr. Gross completed this work as a sub-consultant to planning firm ACP.
- **FAIRBORN, BATH & MAD RIVER: Eco-Industrial Park Feasibility.** As part of a team led by Trillium Planning & Development, Inc., Mr. Gross helped assess the market potential and viability of an eco-industrial park for **Wright State University** and the B-W Greenway Community Land Trust. The analysis included a baseline assessment of the industrial market in the region and identification of key drivers. Benchmarking for eco-industrial development was conducted to identify best practices worldwide. Eco-industrial concepts were then developed and tested for a bio-based industry cluster, high-performance warehouse & distribution centers, environmental research & technology park, and an EcoPark (planned, mixed-use commercial park). Finally, an implementation roadmap was provided to assist with the way forward.
- **PIQUA: Economic Development, Housing, and Fiscal Impacts.** Randall Gross / Development Economics completed a target industrial strategy and a housing market analysis as inputs to the Piqua, Ohio comprehensive plan update process. This

Randall Gross / Development Economics

Midwestern city is dependent on manufacturing, which has been in steep decline. The declining economy has also impacted on the local housing market and retail sales. Mr. Gross examined the targeted industrial opportunities for attracting and expanding more viable industrial activities while also diversifying the community's economic base. He also examined niche market opportunities for housing, based on his housing market potentials analysis. Finally, he completed a fiscal impact analysis of various land uses in the city to assess the impacts of development on the city's operating budget. He worked on a team with planning firm ACP.

- **DELAWARE: Economic Development Strategic Planning.** RGDE completed work as part of a planning team led by Planning-Next on the comprehensive plan for Delaware, Ohio. Mr. Gross had completed previous work in the city on industrial, retail, and economic development. Mr. Gross's retail recommendations focused on the downtown commercial district and on approaches for revitalization, business retention, and niche marketing of this district in light of tremendous competition from the Polaris Mall and adjacent retail development. For this plan, he developed a target industrial strategy and conducted a housing market analysis, with strategic recommendations for economic development and housing.
- **NEWARK: Brownfield Site Industrial Redevelopment.** Mr. Gross completed a market analysis and strategic redevelopment plan for the Newark Processing Site, a polluted "brownfield" site one hour east of Columbus, Ohio. The City of Newark requested the market analysis as an input to its application for EPA grant financing for rehabilitation and redevelopment. Mr. Gross found there to be potential for redevelopment of the site, but at a relatively slow absorption rate and dependent on the expansion of local industry. He recommended an expanded marketing strategy that would combine the site with more marketable vacant, industrially zoned land adjacent and across from the site.
- **GROVE CITY: Target Industry & Economic Development Strategy.** RGDE completed a target industry analysis and economic development strategy as part of the comprehensive plan for Grove City, a suburb of Columbus, Ohio. He worked as part of a planning team led by Planning-Next. A key focus was on diversifying the local economy away from a dependence on big-box warehouse uses.
- **OHIO: Development Fiscal Cost-Benefits to Local Governments.** Mr. Gross conducted a comprehensive analysis of the fiscal impacts of various types of development and land uses on the municipal, township, and county government budgets of Ohio. He reviewed the findings of his various analyses in the region, coupled with those of others including the American Farmland Trust (AFT) to determine the impacts of development on local fiscal health. He completed this work for the Mid-Ohio Regional Planning Commission.
- **OTHER RELEVANT OHIO WORK:** Among the other communities where RGDE has completed projects in Ohio are the following:
 - Perrysburg, Granville, Upper Arlington, Montgomery County, Waterville, Piqua, Newark, Sidney, Centerville-Washington Township, Grandview Heights, Oxford, and others

REQUEST FOR QUALIFICATIONS (RFQ)

Economic Development Strategic Plan: City of Kent, Ohio

**Proposal Submission Deadline:
3:00 p.m. EST, May 27, 2026**

City of Kent Community Development Dept. 930 Overholt Rd. Kent OH 44240

PH: 330-678-8108

RFQ Contact: Bridget Susel Community Development Director

INTRODUCTION

The City of Kent, Ohio, is seeking proposals from qualified professional consulting firms in response to a Request for Qualifications (RFQ) for the completion of an Economic Development Strategic Plan (ED Plan) for the Kent community. The ED Plan should build on the City's successful downtown redevelopment, completed in 2015, and other commercial expansion initiatives that have occurred in other areas of the Kent community in recent years, to identify strategies that will support existing investment and promote new economic development initiatives for the next 5 years.

The Economic Development Strategic Plan will be required to provide a thorough analysis of the current status of the Kent community's economic composition, across all existing commercial sectors, utilizing both quantitative and qualitative data to provide a detailed analysis of existing conditions. The ED Plan also must provide clearly delineated strategies for business retention and expansion with measurable metrics to evaluate success.

COMMUNITY PROFILE

The City of Kent is the largest city in Portage County, Ohio, and is located 6 miles west of the county seat, 10 miles east of Akron, and 31 miles south of Cleveland. This location puts Kent in the middle of northeast Ohio with 300,000 households within a 15-minute drive from downtown Kent, and 4 million people within an hour drive of Kent. The City of Kent covers an area of approximately 9.29 square miles. Kent is home to Kent State University which had a total enrollment of 25,830 students in 2025 at its main campus in Kent. This figure included 21,144 full and part-time undergraduate students and 4,686 graduate students.

The City of Kent had a population of 28,215 in 2020, according to the U.S. Census. In reviewing the population's age distribution and housing tenure, Kent has characteristics of both a residential community and a campus community. According to the most recent U.S. Census Bureau, American Community Survey (ACS) 5-Year Estimates (2020-2024), the Kent housing stock consists of 59% rental properties and 41% owner-occupied homes, with the City's median owner-occupied home valued at \$219,900. The City's economy is influenced by Kent State University as the City's largest employer, but Kent also is home to the world headquarters for The Davey Tree Expert Company and Smithers-Oasis.

In partnership with Kent State University and three different private commercial developers, the City of Kent completed a \$100+ million redevelopment project in the City's downtown central business district that began in 2011 and was primarily completed in 2017. The Kent downtown redevelopment project has won numerous awards and received extensive accolades, including receiving the State of Ohio Economic Development Project of the Year award in 2012 and featured articles in the *New York Times* and the *Wall Street Journal*.

SCOPE OF WORK

The consulting firm selected to complete the Economic Development Strategic Plan is free to develop a specific methodology(s) as it deems appropriate and will be expected to provide the below listed services including but not limited to, the following:

1. Provide a report on existing community demographic, socioeconomic, labor force characteristics, and employment data. Include any other pertinent economic or market data;
2. Compare and analyze land available for development, including an analysis of available public utilities to these areas, for various commercial and industrial sectors;
3. Analysis of redevelopment potential for vacant and underutilized commercial properties throughout the community based on space for development, utility availability and existing capacity;
4. Based on the analyses completed in items 1-3 above, identify industry best practices, strategies, programs and specific actions that can be successfully implemented in the City of Kent;
5. Provide a vetted financial cost estimate for the best practices, programs and specific actions identified in item #4 above;
6. Prepare a competitive/comparative benchmarking analysis that identifies cities in northeast Ohio that are most likely to compete with the City of Kent for new business investment;
7. Identify opportunities to cultivate new relationships, and grow existing relationships, with local and regional partners;
8. Provide a methodology to be applied and evaluation metrics to be collected to allow for updating and modifying the ED Plan on a recurring basis;

DELIVERABLES

The selected consultant will prepare the Economic Development Strategic Plan in a format agreed upon in advance that can be accessible in both hard copy and electronic formats.

SUBMISSION REQUIREMENTS

Prospective consultants should respond to this RFQ by providing the following:

1. **Consulting Firm Information**: Name, address, phone number, e-mail for primary contact, the number of professional staff members and list of their specialties who will be assigned to work on this project, including years of experience in their respective specialty fields.
2. **Statement of Qualifications**: Provide a summary of the firm's overall background, capabilities, experience and qualifications.
3. **Availability**: A brief statement as to the availability of the key personnel responsible for the project.

4. **Timeframe**: Statement on ability to meet specified timeframe based on the scope of work as listed in this RFQ. Report on prior experience in delivering services within prescribed timeframes.
5. **Examples of Work**: Provide up to three (3) complete examples of successful economic development strategic plans or similar documents prepared by the consultant that demonstrate the quality of the work product.
6. **References**: Provide three (3) references that can speak to the consultant's ability to perform the scope of work as listed in this RFQ.

Re: Request for Ordinance Certifying Delinquent City Utility Debtors to Portage County

In October of 2012 Kent City Council approved Ordinance 2012-110 amending Sections 913.07, 915.72, 921.24 and 935.14 of the Kent Codified Ordinances allowing for the certification of delinquent water use charges, wastewater use charges, storm water utility charges and recycling/solid waste collection charges to the County Auditor to be placed as a tax lien on the real property that generated the delinquent charges. This action aligned the City's possible enforcement remedies for the above listed "Utility Billing Charges" with already existing "housekeeping authority" for other City code enforcement violations and special assessments.

In continuation of this practice, I am respectfully requesting City Council authorization for an ordinance certifying the attached list of delinquent and otherwise uncollectable Utility Billing Accounts to the County Auditor to allow for the placement of the certified amount on the real property tax list and duplicate against the property served by the non-payment of utility bills and declaring an emergency.

A request for City Council approval of a separate ordinance to provide certification of listings for non-Utility Billing outstanding delinquent debts is also being submitted under separate cover. The County has indicated that separate ordinances are required to separate their remittance of collected amounts so that City revenue accounting entries can be made to the appropriate funds.

If we receive payment, or a request for a payment plan, of any of the above delinquent items by August 31, 2026, the individual will be removed from the final list submitted to the Portage County Auditor on September 9, 2026.

Thank you in advance for your support and assistance in this matter.

Re: Request for Ordinance Certifying Delinquent Non-Utility Debtors to Portage County

Annually Kent City Council receives listings of unpaid delinquent mowing bills, property maintenance violations-citations, zoning violations-citations, and other code enforcement violations and health department violations-citations to be placed as a tax lien on the real property that generated the delinquent charges.

In continuation of this annual "housekeeping practice" I am respectfully requesting City Council authorization for an ordinance certifying the attached list of delinquents and otherwise uncollectable fines/fees to the County Auditor to allow for the placement of the certified amount on the real property tax list and duplicate against the property served by the non-payment of various code enforcement actions and declaring an emergency.

A request for City Council approval of a separate ordinance to provide certification of listings for Utility Billing outstanding delinquent debts is also being submitted under separate cover. The County has indicated that separate ordinances are required for us to distinguish their remittance of collected amounts in a way that will enable City revenue accounting entries to the appropriate funds.

If we receive payment, or a request for a payment plan, of any of the above delinquent items by August 31, 2026, the individual will be removed from the final list submitted to the Portage County Auditor on September 9, 2026.

Thank you in advance for your support and assistance in this matter.

Re: Request for Ordinance Certifying Unpaid Concrete Sidewalk Bills to Portage County

City of Kent Codified Ordinance 521.06 allows for the certification of unpaid property owner billings for sidewalk/street repairs to the County Auditor to be placed as a lien on the real property that generated the unpaid expenses. This action aligns with the City's financial enforcement remedies for City code enforcement violations, unpaid utility bills, and special assessments. Unpaid Sidewalk Repair Bills, when applicable, are a part of these annual "housekeeping actions" to collect outstanding monies that are owed to the City.

In continuation of this practice, I am respectfully requesting City Council authorization for an ordinance certifying the attached list for the 2025 Annual Concrete Repair Programs of Unpaid Concrete Sidewalk Repair Accounts to the County Auditor to allow for the placement of the certified amount on the real property tax list and duplicate against the property having had required sidewalk repairs and declaring an emergency.

The County has indicated that separate ordinances are required to separate their remittance of collected amounts so that City revenue accounting entries can be made to the appropriate funds.

If we receive payment, or a request for a payment plan, of any of the above delinquent items by August 31, 2026, the individual will be removed from the final list submitted to the Portage County Auditor on September 9, 2026.

Kent Police Department

MEMORANDUM

To: Dave Ruller, City Manager
Kent City Council
From: Chief Gary Stone
Date: July 30, 2026
Subject: School Resource Officer Program Renewal

This memorandum is to serve as a request for a continued partnership with the Kent City Schools for the School Resource Officer Program. Police representatives have met with school representatives to discuss the 2026-2027 school year contract. The SRO salary will be the responsibility of the City of Kent when school is not in session.

The Kent Police Department and the Kent City Schools administration agree that Officer Dominic Poe will continue in his role as the school resource officer.

Items to Note:

- The period in which Officer Poe will work at the Kent City School District is August 17, 2026-June 1, 2027.
- The Kent City Schools are billed quarterly for the Officer's (wages, benefits, insurance, etc)
- Average yearly costs to the Kent City Schools reimbursed to the city of Kent are estimated at \$100,000.

KENT CITY - KENT CITY SCHOOL DISTRICT MEMORANDUM OF UNDERSTANDING FOR THE SCHOOL RESOURCE OFFICER PROGRAM

This agreement made and entered into between the City of Kent, a municipal corporation, organized and existing by virtue of the laws of the State of Ohio and the Kent City Board of Education by its duly acting and qualified Superintendent, Thomas Larkin.

Whereas the City and the Board are interested in entering into a contract for the establishment of a school resource officer to provide a more complete liaison between the City of Kent Police Department and the Kent City School System in a cooperative effort to prevent crime and crisis and provide safety and a law enforcement presence.

Therefore the parties, each in consideration for the mutual promises and obligations assumed by the other, agree as follows:

1. The primary function of the School Resource Officer (SRO) is to act as a liaison between the City's Police Department and the Kent City School District, residents and businesses impacted by the educational institutions through development and implementation of Public Education and Awareness Program: and to maintain a healthy and productive working rapport with intermediate and secondary level students, parents, and school administrators in the capacity of law enforcement education.
2. The objective of the School Resource Officer (SRO) is to provide and instill a sense of safety through officer presence. The School Resource Officer (SRO) will focus on developing a rapport with students primarily at the Roosevelt High School and Stanton Middle school to create and maintain a safe educational environment for the students, faculty and staff.
3. The duties of the School Resource Officer shall be assigned to one full time officer of the Kent Police Department. The officer's assignment will be to fulfill the outlined objectives and functions outlined above, to carry out his duties as further outlined in the School Resource Officer Program Manual and carry out the duties governed by the City of Kent and State of Ohio as a certified peace officer.
4. The position of the SRO is being funded 100% by the Kent Board of Education during the regular school year (approximately August through June) unless the school year has been altered or adjusted. The City of Kent will fund 100% of the position during the non-school summer quarter when the officer is not performing SRO duties or during the non-school times.

If unique circumstances require extending the SRO presence in the schools beyond the regular academic year, the Kent BOE will assume those costs on a pro rata basis. If unique circumstances result in an extended absence (greater than 3 weeks in succession) of the SRO during the regular academic year, the City and Kent City School staff have the authority to negotiate an adjusted pro rata share of funding.

The funding includes base pay, overtime (as requested by the schools) and benefits as listed below and as applicable based on the FOP collective bargaining agreement:

- Longevity Pay (if applicable to the officer)
- Pension and retirement contributions
- Merit pay (if applicable to the officer)
- Medical examinations
- Holiday pay (for holidays worked by the officer not recognized by the BOE)
- Uniforms and equipment
- Group insurance
- Training specific to this position or as requested by the BOE

The City and Kent BOE agree to collaborate to pursue grant opportunities to offset the funding requirements of the position. Grant funds received specifically for SRO function will be used to reduce the Kent BOE contribution during the regular academic year. Any local match required for SRO grants will be paid by the Kent BOE.

The City of Kent agrees to fund the cost of the officer's regular time or overtime on behalf of the City during emergencies, departmental requested trainings or voluntary overtime shifts the officer chooses to work.

5. The Kent City Schools share of expenses for the SRO shall be paid quarterly. At the end of each calendar year quarter (March 31, June 30, September 30 and December 31st.) the City shall send the KCS an invoice for the costs of the SRO attributable to the KCS's. The invoices shall be payable within thirty (30) days of the date of the invoice. Should the invoice not be paid within the thirty (30) day time period, interest will accrue at five percent (5%) per annum on the balance due beginning on the 31st day after the date of the invoice.

6. The Term of Agreement shall be for one year commencing on the 17th day of August, 2026 and terminating on the 1st day of June, 2027. Negotiations for a new agreement shall commence no sooner than three (3) months prior to the expiration date of this agreement and no later than two (2) months before the agreement's expiration date.

This agreement may be terminated by either of the parties upon one hundred twenty days (120) written notice to the other party.

It is understood that the contents of the Kent School Resource Officer Manual shall be agreed upon and made a part of the agreement as if fully rewritten herein.

RE: North Mantua Street Improvement Project – Right of Way Donation

The Service Department is requesting council time for approval to accept the attached donation of temporary easements, permanent right of way, and shared use path easements from the Davey Tree Expert Company to complete the North Mantua Street Improvement Project. The donations are from three separate parcels located along the corridor.

The following is a list of the parcels and their respective easements required.

Property Owner	R/W Plan Number	Description	Easement Area
Davey Tree Expert Company	4-SC	Shared Use Path	0.0761 acres
	4-T	Temporary	1.8013 acres
Davey Tree Expert Company	5-SC	Shared Use Path	0.1825 acres
	5-T	Temporary	2.1715 acres
	5-WD	Permanent	1.1153 acres
Davey Tree Expert Company	6-T	Temporary	0.5452 acres
	6-WD	Permanent	0.1687 acres

The above donations follow the Federal Uniform Relocation Act that is required when using Federal Funding. Additional property is required from one additional owner, the Kent City School District, to complete the project.

All property is scheduled to be acquired and the right-of-way cleared by November 2026.

Dear The Davey Tree Expert Company:

Your real property is needed by the City of Kent for a transportation improvement project. As such, you are hereby advised that you have the right to have your property appraised by a competent appraiser and you have the right to accompany the appraiser on the inspection of your property. You have the right to be provided a written offer for the full amount of the fair market value as determined by the agency based upon the appraisal. You have the right to negotiate with the agency and if an acceptable agreement cannot be reached, the right to have the value determined by a court of law. You also have the right to be paid the full amount of the fair market value before being required to surrender possession of your property. Notwithstanding these rights, we understand you are willing to waive all, or any part of your rights noted and willingly agree to donate the property needed for the transportation project. The property is described in the attached Exhibit A which is incorporated herein.

Please be advised that if you desire to use the donation for a tax deduction, you should seek advice from the Internal Revenue Service or a tax expert regarding the current rules for appraisal valuation

The Davey Tree Expert Company will donate 0.076-acres of Temporary Easement and 1.801-acres of Scenic Easement of parcel number 4. The Davey Tree Expert Company will not pursue a property appraisal. This is all the proposed rights of way for this parcel.

The undersigned hereby acknowledges that he/she has been fully advised by an City of Kent representative of his rights reflected above and agrees to: (1) Waive the right to receive just compensation for the property, (2) Release City of Kent from obtaining an appraisal of the acquired property and (3) Execute the necessary conveyance instrument to transfer said property to City of Kent.

Respectfully,

City of Kent

Dear The Davey Tree Expert Company:

Your real property is needed by the City of Kent for a transportation improvement project. As such, you are hereby advised that you have the right to have your property appraised by a competent appraiser and you have the right to accompany the appraiser on the inspection of your property. You have the right to be provided a written offer for the full amount of the fair market value as determined by the agency based upon the appraisal. You have the right to negotiate with the agency and if an acceptable agreement cannot be reached, the right to have the value determined by a court of law. You also have the right to be paid the full amount of the fair market value before being required to surrender possession of your property. Notwithstanding these rights, we understand you are willing to waive all, or any part of your rights noted and willingly agree to donate the property needed for the transportation project. The property is described in the attached Exhibit A which is incorporated herein.

Please be advised that if you desire to use the donation for a tax deduction, you should seek advice from the Internal Revenue Service or a tax expert regarding the current rules for appraisal valuation

The Davey Tree Expert Company will donate 1.115-acres of Fee Simple, 0.183-acres of Scenic Easement, and 2.172-acres of Temporary Easement of parcel number 5. The Davey Tree Expert Company will not pursue a property appraisal. This is all the proposed rights of way for this parcel.

The undersigned hereby acknowledges that he/she has been fully advised by an City of Kent representative of his rights reflected above and agrees to: (1) Waive the right to receive just compensation for the property, (2) Release CITY OF KENT from obtaining an appraisal of the acquired property and (3) Execute the necessary conveyance instrument to transfer said property to City of Kent.

Respectfully,

City of Kent

Dear The Davey Tree Expert Company:

Your real property is needed by the City of Kent for a transportation improvement project. As such, you are hereby advised that you have the right to have your property appraised by a competent appraiser and you have the right to accompany the appraiser on the inspection of your property. You have the right to be provided a written offer for the full amount of the fair market value as determined by the agency based upon the appraisal. You have the right to negotiate with the agency and if an acceptable agreement cannot be reached, the right to have the value determined by a court of law. You also have the right to be paid the full amount of the fair market value before being required to surrender possession of your property. Notwithstanding these rights, we understand you are willing to waive all, or any part of your rights noted and willingly agree to donate the property needed for the transportation project. The property is described in the attached Exhibit A which is incorporated herein.

Please be advised that if you desire to use the donation for a tax deduction, you should seek advice from the Internal Revenue Service or a tax expert regarding the current rules for appraisal valuation

The Davey Tree Expert Company will donate 0.331-acres of Fee Simple and 0.545 acres of Temporary Easement of parcel number 6. The Davey Tree Expert Company will not pursue a property appraisal. This is all the proposed rights of way for this parcel.

The undersigned hereby acknowledges that he/she has been fully advised by an City of Kent representative of his rights reflected above and agrees to: (1) Waive the right to receive just compensation for the property, (2) Release City of Kent from obtaining an appraisal of the acquired property and (3) Execute the necessary conveyance instrument to transfer said property to City of Kent.

Respectfully,

City of Kent

RE: Water Service Request – 5085 State Route 43

The City has received a request for water service for 5085 State Route 43 in Brimfield Township. The request is from Pavlick & Reppas Oral and Maxillofacial Surgery. We have a 12” watermain along State Route 43 adjacent to the property and we can provide water to this property. The required fee for this request is \$11,668.15. We do not see any issues with fulfilling this request. Therefore, we are requesting council’s approval with the emergency clause. Additional information on the request is included in the attached document.

RE: City of Kent Water Service at 5085 SR 43 (Revised)
Pavlick & Reppas Oral and Maxillofacial Surgery

Attn: Cory Hedberg c/o Pavlick & Reppas,

Thank you for your interest in connecting to City of Kent Water. City of Kent municipal water service connections at this location are governed by Chapter 913 Water of the Kent Codified Ordinance (KCO). I have attached copy of these sections of code for reference. The fee structure for connecting your existing structure to City of Kent water at this location is as follows:

Cost for Fees, Meter, and Tap Service (1.5" Service Assumed)

• Assessment Fee:	$\$24.25/\text{ft} \times 224.00' \times 1.50 =$	\$8,148.00
• Utilization Fee:	$\$550.00 \times 1.15 =$	\$632.50
• Permit Fee:	$\$25.00 \times 1.15 =$	\$28.75
• Meter, Tap, & Parts for a 1.5" Service:	$\$2,486.00 \times 1.15 =$	\$2,858.90

Cost for Fees, Meter, and Tap Service: **\$11,668.15**

Additionally, the property owner is responsible for the following items that are not included above:

- Cost for a designer to help you size a new water service.
- Cost for labor and material for to extend the water service from the watermain to your facility by a contractor registered with the city.
- There is a 50% surcharge for water consumption outside city limits.
- Costs do not cover permits required by either Brimfield Township or Portage County.

If you decide to pursue City of Kent water service at this address, you will need to make application to Kent City Council for this service. Once approved, you will receive and sign an agreement as outlined in KCO 913.09. Please do not hesitate to reach out to me with questions.

Sincerely,

Main Street Kent: Innovative, Inclusive & Fun

At Main Street Kent, we want to make sure downtown Kent is for everyone, and that all feel welcome here. We work with community partners, businesses, volunteers and the City of Kent to make Kent a fun, vibrant and thriving community using the four-point approach to revitalization.

Marketing & Events

Main Street Kent's marketing efforts are concentrated in social media, digital marketing, our podcast and website. We promote Kent businesses, live music, events, activities, workshops, art exhibits/

galleries, museums, the DORA, public art, walking tours, the Kent Card, outdoor recreation, the many facets of our diverse and inclusive downtown — and more!

Website - The Main Street Kent website offers a comprehensive list of businesses, robust calendar of activities and events, and ways for people to get involved and contribute to MSK as volunteers and supporters. Average number of unique visitors per month = **28,776**

Facebook followers @ facebook.com/mainstreetkent: **28,002**

Instagram followers @ instagram.com/mainstreetkent: **10,554**

Weekly Newsletter subscribers: **3,100**

Radio - In 2026, we're running spots on The Summit FM, gaining more exposure for our businesses and our city! Spots feature events, outdoor activities, and the many amenities of Kent.

MSK Volunteer of the Week - Each week, volunteers are featured on our social media, highlighting their contributions to our work. Dedicated event volunteers, committee members and board members help to make us successful and we're grateful for the opportunity to work with them as they share their time and talents with us.

Friend of the Week - MSK supporters are highlighted on our social media, showcasing their dedication and participation in what we do! From bars, restaurants and service providers to retailers and non-profit organizations, we're proud to share the support that makes our work possible. A complete list can be viewed at: <https://mainstreetkent.org/support/>

Kent In Good Company Podcast - Now with five complete seasons and 75 episodes, our host Katy Thomas features Kent businesses in this podcast. From long-standing staples to brand new businesses, Katy takes a dive into each person's origin story. Sponsored by Hall-Green Agency. Available on three platforms and <https://mainstreetkent.org/discover/in-good-company/>

Snow Day - January is a challenging month for our businesses and the community, so we hosted the third annual Snow Day — an event complete with live music, fire pits and s'mores, an ice carving exhibition and more! Businesses provided a variety of offerings including themed crafts and games, menu specials, workshops and music. Wind chills were dangerously cold that day, so live music was moved indoors and other changes were made on

the fly, so people were comfortable coming out to enjoy the event. Sponsored by the City of Kent, Kent State Center for Student Involvement, Portage Community Bank, Acme Fresh Market, Destination Kent CVB, Acorn Alley, Meijer, College Town Kent, Wright Heating, Each+ Every, Williams, Kratcoski, Griffin and Can, Daisy Makes, Daisy Pops, Klaben Auto, Hometown Bank, Kent State Hotel & Conference Center, The River Merchant, and Talk On Speech & Occupational Therapy.

Coffee Walk - To increase winter time foot traffic and bring some caffeinated joy to the community, MSK hosted the second annual Coffee Walk on Sat., Jan. 10. Ticket holders received a CamelBak Coffee Walk tumbler at event check-in, then coffee-themed treats and items at participating businesses. From chocolate-covered espresso beans to a coffee plant, attendees had a wonderful day exploring our downtown. Business owners reported increased sales and foot traffic. Guests came from Cuyahoga Falls, Aurora, Youngstown, Stow, S. Euclid and other communities. Sponsored by Brimfield Insurance Group.

Chocolate Walk -At the Feb. 7 Chocolate Walk, 300 guests headed out with their shopping totes to over thirty participating businesses to collect chocolate treats. VIP ticket holders got to enjoy a

special beer and chocolate tasting with Bell Tower Brewing and Rosenberg's Candies at the end of the day. Sponsored by Squirrel City Jewelers and Keleigh Veraldo-Zuccherro, Real Estate Advisor. All guests were entered in a raffle and one lucky ticket holder won a pair of diamond stud earrings!

Kent's Women in Business - During Women's History Month, we shared dozens of pictures and quotes from women who own and/or operate Kent businesses on our social media. A committee also planned these initiatives throughout the month: *Morning Mix*, hosted by Plexus, the LGBTQ+ and Allies Chamber of Commerce, at Tree City Coffee; *Her Next Level: New Heights, No Ceilings*, hosted by Stephanie Orwick, The Performance Collective, at Beware of the Leopard; *Tap Talks, Special Edition: 100 Years in Business with Michelle Sahr* at North Water Brewing; and MSK hosted a *Sip & Shop* event highlighting our female owned and operated shops, cafes, restaurants and breweries where businesses had special offers and giveaways and MSK gave out gift cards and zipper pouches.

Crafty Crawl - This year's event featured local artists, craft beer and craft foods at Bell Tower Brewing, North Water Brewing and Laziza Craft Kitchen on April 19. Attendees enjoyed a free printmaking activity with one stamp at each location, as well as music and community fun on a Sunday afternoon.

Celebrate the Signs of Summer - On May 21, MSK partnered with Wright Heating & Cooling for a summer kickoff party for the community, celebrating the warmer weather and the new design on the Kent sign, created by Ian Marshall. Food, beverages, games, giveaways, an open house and lotto sunshine made for a perfect party on N. Water St.

Art & Wine Festival - MSK's signature event was held on Sat., June 6, filling the streets with incredible art, 15 Ohio wineries, delicious food, live music and lots of people. Weather threatened to put a damper on the day, but people were prepared and didn't miss a moment of the goodness

prepared for this annual fundraiser. Presented by The River Merchant, sponsored by Anderson Windows, The Restoration Guys, Destination Kent CVB, Hall-Green Agency/Auto-Owners Insurance, Hometown Bank, Portage Community Bank, AMETEK, Klagen Auto, Williams, Kratcoski, Griffin and Can, and AlyKat Print & Stitch.

Design

The MSK Design Committee is focused on the aesthetics of downtown Kent. This group of volunteers implements public art projects and works to keep Kent beautiful in many ways, including flower bed plantings and hanging flower baskets, seasonal clean up days, graffiti removal and more.

The KENT Sign Redesign - It was time for the annual “refresh” of the the Kent Sign, so we put a call out to the public for new design submissions and received 60+ entries! After much consideration, the committee chose the work of Ian Marshall and his new design was unveiled on May 21 at a *Signs of Summer Celebration* with MSK and Wright Heating & Cooling. Kent sign redesign sponsored by Each + Every.

March for Art - MSK and Kent City Schools partnered on this new community-wide program to celebrate student creativity. Featuring nearly 800 works of art throughout downtown Kent, 20 businesses hosted art created by K-12 grade students on their walls for the month. There was a celebration at Kent City Hall for students and their families to pick up maps and ‘March for Art Artist’ buttons to wear before heading out the explore the artwork around town, and to meet Danny Likar, the artist who created the new piece hanging in the lobby at City Hall. This program was hugely popular and our hope is to expand it next year!

Adopt a Spot - At the end of May, dozens of volunteers and sponsors filled the downtown flowerbeds and planters with thousands of beautiful flowers. In early June, the flower baskets were hung and have not stopped growing! Sponsors and volunteers are listed on our website at <https://mainstreetkent.org/about/>.

Clean Up Kent - On May 30, Kent City Councilman and MSK volunteer Benjamin Tipton led a group of community members in the spring edition of Clean Up Kent. Dozens of people came out to pick up litter, clean up graffiti and make our downtown look good!

Woven Mural - MSK worked with the city to create a public art installation on an 80-foot chain link fence, which provided a not-so-pleasant view into an area that will be redeveloped in the next couple of years. A woven vinyl mural by Stephen Tornero has been installed into the fence, next to Maddalena's, repurposing vinyl art pieces from previous art banners, creating a colorful, dynamic view! Picnic tables and flower pots make this a nice little area for people to enjoy.

Self-Portrait Public Art Banners - A new set of vinyl art banners has been installed, thanks to the creativity of Davey & Walls Elementary 4th grade students. "Brighter Together" showcases their self-portraits in four locations throughout the downtown bringing vibrant, student artworks to our amazing public art scene. These self-portraits were a part of the March for Art program.

Economic Vitality

The Economic Vitality Committee creates programming to drive foot traffic to our businesses through "around town" promotions, develops opportunities for businesses to collaborate for the betterment of the downtown district as a whole, and creates tools and training opportunities to assist small business owners in the interest of cultivating an economically vibrant Kent.

Downtown Business Meet Ups - On Jan. 12, Feb. 16, May 18, June 9, and June 22, MSK partnered with KACC to host Monday morning meet ups at local businesses, giving business owners a chance to meet, share stories and ideas, collaborate, and learn from each other. Topics covered at these sessions included The Power of AI, Social Media 101, Engaging with Kent State University Students, and Building Your Brand Brand. A combination of new and veteran business owners fill the room each time and new partnerships have forged.

Foodie February - This promotion was designed to help our eateries during the slowest time of year. Participants could pick up a BINGO card at any of 25 participating businesses, then get it stamped whenever they made a purchase (any amount) during the month. Cards were then entered in a drawing where \$750 in Kent Cards were given as prizes; 20 people won \$25 each and one person won \$250. Prizes were sponsored by Emerson Consumer Care.

BOOMS Tracker - Main Street Kent is now using an Economic Vitality tool offered by Main Street America. The Building Opportunities on Main Street (BOOMS) Tracker is an innovative digital tool designed to help local leaders revitalize vacant and underused spaces in Main Street districts. The BOOMS Tracker allows us to collect, organize, and present data about our community's built environment — making it easier to identify potential for growth and redevelopment.

Kent DORA Path - Explore the Designated Outdoor Refreshment Area at 23 bars, restaurants, breweries, a board game cafe and a coffee/book shop in Kent! Sponsored by Jack Daniel's and El Jimador, our second year offers a digital passport option and more chances to win prizes just for making a DORA purchase at 5 locations during the three-month promotion. All participants will enjoy a Tiki Crawl in August and a big party in September, complete with food, drinks, and prizes including gift cards to participating businesses and a \$500 prize!

Operations

The MSK Operations Committee is focused on fundraising, board development and succession planning, volunteer recruitment and retention, and the overall health of the organization.

MSK Board of Directors - This year, we welcomed Alicia Hall and Joe Robinson to the board and we're excited to have them on our team!

President - Ed Butch, CITI Program
Vice President - Bridget Tipton, Bell Tower
Brewing and Studio Inlay
Secretary - Joy Pahls, Portage Community Bank
Treasurer - Colin Boyle, Hometown Bank
Economic Vitality Committee Chair - Eric
Helmstedter, City of Kent
Design Committee Chair - Oliver Wuensch,
Kent Parks & Recreation
Marketing/Design Staff - Lesley Sickle
Executive Director - Heather Malarcik

Board Members - Mike Beder, Cleveland Bagel, Kent Sportswear, Lake House Kitchen, The Loft, Venice Cafe, Water Street Tavern; Dominique Bollenbacher, City of Kent; Alicia Hall, Flourish Plant Mkt., Ron Petrosky, retired IT; Joe Robinson, Kent State University Center for Student Involvement; Jessica Ryan, Smithers-Oasis

Board of Governors - Mike Lewis, Hometown Bank

Volunteers - Our volunteers work on MSK committees, events and projects, and serve on our board of directors. During Q2 2026, we benefited from 1,590 volunteer hours. The average value of a volunteer hour of work is \$34.79, so that's over \$55K in time and expertise contributed to our program and city already this year!

Volunteer Meet Ups - Thanks to MSK volunteer liaison and board member Joy Pahls, we've hosted two volunteer meet ups this year at Last Exit Books on Jan. 12 and Fresco on May 7. Many longtime volunteers and several brand new folks gathered at each one, getting to know each other and how they can get involved with our work.

National Accreditation - After a complete assessment with Heritage Ohio on Jan. 29, Main Street Kent received annual accreditation from Main Street America. This reflects our adherence to the Main Street America program's rigorous standards, which include:

- ~ Building grassroots revitalization initiatives,
- ~ Cultivating strong public-private partnerships,
- ~ Expanding economic opportunities for small businesses and entrepreneurs, and
- ~ Actively preserving historic places, spaces, and cultural assets.

LGBTQIA+ Visibility in Main Streets - On March 26, Heather Malarcik participated in a panel discussion with 300+ virtual attendees from all over the country, sharing our experience with creating inclusive programming and other aspects of cultivating a community where all feel welcome.

MSK Brew Day - For Main Street Kent's 20th anniversary celebration, Bell Tower Brewing is brewing a batch of Main Street Kölsch, donating \$1 per pint sold until the batch runs out!. Our June board meeting was held at the brewery where we were provided lunch and an opportunity to help in the brewing process. So much fun! We're grateful for all Bell Tower Brewing does for Main Street Kent.

Thank you for your support of MSK.

Summer has officially arrived, and Kent has experienced some extreme heat! Take a peek at some suggestions from the EPA to keep comfortable, save money and save energy in the heat: <https://www.epa.gov/natural-disasters/extreme-heat>

If you find yourself in need of a place to cool down during extreme heat events, check with Shepherd's House of Portage County (<https://www.shepherds-house.net/>), and/or the Kent Free Library (<https://www.kentfreelibrary.org/>) for their hours of operation.

Are you a small business owner (or do you know someone who is) that is looking to invest in equipment, facilities, and infrastructure that improve efficiency, save money on utility and operating costs, strengthen competitiveness and support long-term growth? The Ohio Air Quality Development Authority has relaunched their Small Business Clean Air Program as of July 1st that features expanded technology eligibility, simplified program standards, as well as updated fee and incentive structures to provide support. CHRONICLING IMPLEMENTATION OF THE CLIMATE ACTION PLAN

2025-2026 800 Mogadore Road Solar Project Assessment Update

The Community Development Department issued a Request for Qualifications (RFQ) in July 2025 in order to hire a consulting firm to advise the City on the design of a photovoltaic solar project for the 800 Mogadore Road site.

The property is privately owned, and active remediation efforts continue to be underway to mitigate legacy environmental concerns on the site.

The primary objective for the current owner is remediating the site to a standard that will allow for the issuance of a No Further Action (NFA) / Covenant Not to Sue (CNS) designation from the Ohio EPA. Once a NFA/CNS designation has been obtained, it will allow for the possible future redevelopment of the site for a city sponsored photovoltaic solar project.

The City selected Civil & Environmental Consultants, Inc. (CEC) to provide professional consulting services with regards to installation, implementation, and financing components of such a project. Funding for these consulting services was provided through the 2025 NOPEC Energized Community (NEC) grant.

To view the report, and slide presentation from CEC, that were provided to City Council at their July 1, 2026, Council Committee meeting, please visit the following webpage: <https://www.kentohio.gov/business-building-development/sustainability-overview/plans-and-studies/2025-2026-800-mogadore-rd-solar-project-assessment/>

City of Kent Health Department Summer Updates

The City of Kent Health Department is always looking out for the health and safety of our residents, and would like to share some updates about the following programs:

- They met with Kent Environmental Council to discuss issues around radon gas and put together an article about the topic for the Spring 2026 Edition of the Tree City Bulletin. In case you missed it, visit: [tcb_spring-2026-print-for-website.pdf](https://www.kentohio.gov/living-here/mosquito-control/).
- They have put together a volunteer mosquito surveillance program. This is in conjunction with their mosquito control efforts, which you can read more about at the City's Mosquito Control webpage: <https://www.kentohio.gov/living-here/mosquito-control/>.
- There's been a significant increase in the incidence of Lyme Disease this year in comparison to previous years. In efforts to help address same, they gave a Tick Talk to staff at Kent State University's Child Development Center and have scheduled another presentation for parents in August when the Fall semester begins.

Sustainable Kent News

- They will be holding the Cuyahoga River Clean-up on Saturday, August 22nd. To learn more about volunteering for this event, please visit: <https://www.kentohio.gov/culture-community/kent-parks-and-recreation/special-events/cuyahoga-river-cleanup/>.
- The Health Department acquired a large supply of baby diapers to give out to the community, which they have been doing for about the last month, and they are administering a free crib program.
- They are running a pop-up food pantry program.
- For more information about any of these programs, please contact the Health Department at: 330-678-8109.

United Methodist Church of Kent
A Place to Grow

Kent UMC Goes Solar!
By: Kim Young for Kent United Methodist Church

Members of the United Methodist Church of Kent gathered on June 14 to celebrate and dedicate the new 281-panel solar array that is nearing completion on the church building. Initiated and approved by church members and leaders in November 2025, the solar array is projected to generate 192,771 kwh of energy per year, representing 105% of the church's recent annual energy usage. By reducing our dependence on fossil fuels, we are reducing greenhouse emissions by 170 metric tons per year - equivalent to 40 gasoline-powered cars driven for one year - as well as significantly reducing the church's long-term utility costs.

Other "Green" projects church members have been working on this year include making the grounds more pollinator-friendly by planting more native plants and trees and installing bird boxes. And with

funds from a grant, we have recently placed a compost bin on the property for use by church kitchen staff and members to reduce the amount of organic waste going to landfills. The nutrient-rich soil produced will be used to help fertilize our church grounds.

In addition to hands-on projects, we continue to increase our understanding of the state of the environment and what we can do to care for it more responsibly. This spring a group from the church attended Dr. Doug Tallamy's talk "Saving Nature with Your Yard", organized by Portage Soil & Water Conservation District and hosted by Davey Tree. In June we held a screening of a documentary on plastics pollution in the Great Lakes, called "Ripples of Plastic." And each month the "Green Team" keeps members informed about environmental topics with a "Creation Corner" bulletin board in the church atrium.

Natural Resources Summary: 2008-2024

As part of the [City's 2025 Strategy Report](#), a comprehensive summary of Natural Resources/Sustainability and Public Health work done across City departments from 2008-2024 has been created. It's a great look at how much the City, along with valued community partners, have accomplished in these areas over the years, demonstrating its longstanding commitment to this work. Read on to view the strategic goal objectives and the list of supporting actions by year.

Strategic Goal

Support for Natural Resources and Public Health

“to protect and promote the City’s natural resources and the public health of residents and visitors.”

Natural Resource and Public Health Actions & Events

Objectives:

- Expand the opportunities for Kent residents and visitors to experience & enjoy Kent’s natural resources.
- Serve as a model for conservation and environmental practices.
- Develop and promote eco-tourism, eco-recreation and green based business prospects in Kent.
- Support events that showcase the City’s natural resources as a quality of life amenity.
- Reduce energy and fuel dependency; have a smaller carbon footprint as a City.
- Preserve and expand wetland areas and create conservation easements for environmentally sensitive areas.
- Provide services and programs to optimize and protect public health for Kent residents and visitors.

Towpath Ride Series

Peninsula to Brecksville Station

Join us for a scenic ride along the historic Ohio & Erie Canal Towpath Trail through Cuyahoga Valley National Park.

Meeting Location

Peninsula Coffee House (1653 Main St., Peninsula, Ohio 44264)

Gather in the basement of the Peninsula Coffee House 15–45 minutes before the scheduled ride time. We'll head outside 5–10 minutes before departure for ride announcements and a group sendoff.

Ride Dates

Sunday, July 19 | 8:30 AM – 12:30 PM

Sunday, August 16 | 8:30 AM – 12:30 PM

Saturday, September 12 | 6:00 PM – 9:00 PM (*Night Ride*)

Parking

Please use the public parking areas shown on the parking map:

- Lock 29 Parking (#24)
- Overflow Parking (#25)
- Village Parking Areas (#29)

See reverse side for parking map.

Please do not park in spaces reserved for businesses or customers. We ask riders not to park at the Peninsula Coffee House so customer parking remains available.

Route

Peninsula → Brecksville Station

Approximately 7 miles each way (14 miles round trip)

The route follows the mostly flat Towpath Trail and is suitable for a wide range of riders.

Optional Hill Challenge

Looking for extra miles and elevation? Riders may participate in an optional hill climb before returning to Peninsula.

Rider Requirements

- ✓ Traditional pedal bicycle only (no e-bikes)
- ✓ Helmet required
- ✓ Front and rear lights required for the September night ride
- ✓ Bicycle must be in safe working condition
- ✓ Riders should be comfortable riding in a group setting

Volunteer-Led Ride

This is a volunteer-organized community ride. There is no registration fee.

Participants ride at their own risk and are responsible for:

- Following all trail and traffic regulations
- Bringing water and basic repair supplies
- Maintaining control of their bicycle
- Respecting other trail users

Why Ride?

Cycling promotes physical and mental well-being while providing an opportunity to connect with others and experience the natural beauty of Northeast Ohio.

Ride. Connect. Explore.
